DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 22 December 2005 has been entered.

Allowable Subject Matter

2. Claims 7-8 and 12-20 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The best prior art of record, of Watabe and Kelsey, fails to specifically teach the steps of the method of preventing the fraudulent use of data read from a magnetic stripe card, mainly that the time period that is timed by a timer within the card reader that has elapsed is determined to prevent fraudulent use of the data, and that if the saved data is not transmitted to the higher level apparatus, the data is unavailable for reading. Hence the best prior art of record fails to teach the invention as set forth in claims 7-8 and 12-20 and the examiner can find no teaching of the specific card reading method, nor reasons within the cited prior art or on her own to combine the elements of these references other than the applicant's own reasoning to fully encompass the current pending claims. In addition, see applicant's reasoning in amendment/response filed 22 December 2005.

Art Unit: 2876

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
